

REFIT & REPAIR SERVICES - GENERAL PRICE LIST 2010

All prices are in EURO. No tax included.

Nota:

This price list contains standard rates for services delivered at the industrial site of the La Ciotat shipyard. All interventions to be achieved on board will be managed by a H2X project manager. For all specific works to be achieved on board, he will deliver specific quotations to be agreed on by the ship-owner or its representative. A works contract will be signed between The Shipyard and The Shipowner. Consumables and travelling expenses are not included in this list.

1. BERTHING AND HANDLING:

- ✓ All berthing and handling operations carried out by the shipyard are managed by the SEMIDEP, the public manager of the entire shipyard of La Ciotat. Consequently, these operations require a MANDATORY preliminary reservation and their planning is subject to the validation of the SEMIDEP.
